A whiskey circular pictures a beautiful maiden presenting a bottle of whiskey "of the kind your grandfather used." Down in the opposite corner is a convivial party, judges, lawyers and business men, men apparently high up, enjoying a social glass. Both pictures are very alluring, very tempting, and very untrue. All Sequachee girls would rather break that bottle than offer it to you, and men here go up to the depot like criminals, grab their whiskey from the agent, stick their package under their coat, or the bottle only into the front bosom of their pants, and go sneaking off like men who were doing some criminal act, to enjoy their booze. It's disgusting to those that see the performance, and so degrading that it puts a human being endowed with intellect and understanding below the animal.

Our whiskey circulars this year bear the wording, "Notwithstanding the recent legislation in your state, we can make shipment of one gallon at a time." Ha! We thought a big judge or something or other on two legs over at Nashville, had declared the interstate law relative to one gallon shipments "unconstitutional." Well, we are awfully sorry, for we can't hardly get drunk on a gallon. It's just enough to make a headache, and that's all.

If you are not doing your Christmas buying early, it is not the fault of the advertisers in this journal.

That noise over Chattanooga way is the poultry show there this week.

E. E. JOHNSTON
FOR RE-ELECTION

E. E. Johnston, the present county court clerk, announces this week for reelection. Mr. Johnston wants his friends to remember that he needs the office as he is physically unable to work. He is a republican, and earnest supporter of his party, ever ready and willing to fight its battles. He calls on all republicans to rally to his support in the coming conventions or primary, and if he is favored with the nomination, to again carry the colors of his party he will be deeply grateful, and try to carry the party to victory.

Kind Editors: Old Joe thought he would step in this morning and tell you a few of the happenings of our quiet little settlement. Everybody seems to be at peace, one with the other, which is a matter of no little pleasure to know and to think that everybody seems to be looking after and attending to their own business and personal interest. As to the health of our community, it is very good, with the exception of colds or grip, as some call it. Most everybody seems to be affected with that malady. We have but one case in our vicinity now which seems to cause any alarm, and that is Mrs. Ruth Griffith. She is suffering with what the doctors claim is dropsy of the heart, and is not expected to live long. Her sufferings are very intense and our hearts all go out in great sympathy for her. Ruth is bearing her afflictions with wonderful patience, looking to the great beyond for her relief. She is a good, quiet, obliging neighbor, a loving mother and a devoted wife, and when she is gone she will be missed in the community. Her mother, Mrs. Nancy Knox, of Durham, Ga., and her sister, Mrs. Julia Bryant, of Daus, are with her and will likely remain with her until the final result of her malady.

Well, all of our rural schools will soon be out, and we hope that this year's work in the rural districts all over the county, has been a grand success and much and lasting good has been accomplished. Most all the rural schools will close on Friday the 10th inst.

Our school at this place has been a success this year. Mr. H. C. Grayson has given pretty general satisfaction, and success has followed. Success in the school room does not depend on the teacher altogether, but on the patrons, parents and students. If we could get the parents of the children to see and realize the fact that one half or more of the success of their children depended on them, we do believe that our public schools would be a grand success.

Well, today, Monday, seems to be a real hog killing day in this part of the world. This cool spell has caused a wonderful amount of bloodshed over the country, but as there is no law to prevent the shedding of your own blood we hope no one will be called into the courts to have to answer or give an account for this shedding of blood.

Mr. and Mrs. Arch Billingsley, of Killiam, visited Mr. Billingsley's brother, Alvin, and family Saturday night and Sunday of week before last. Arch is contemplating moving to Texas in the near future. We would hate to see him and his amiable wife leave our county, as they are good, clever neighbors.

Mr. and Mrs. W. C. Moore and son, Melvin, and W. A. Billingsley, made a shopping trip to Jasper last Monday, and bought some of Vann & Alley's "cheap" goods. Alvin A. Spears has resigned his position with the Odorless Refrigerator Co., in Chattanooga, and has gone to work in the N. C. & St. L. depot at Whitwell, as assistant depot agent. We are glad Alvin has got back in our county close to his old father and mother again. Mrs. Spears is in very delicate health, and Alvin is her only living child and it is quite a source of comfort to her to have him nearer home.

W. C. Moore and Geo. H. Lewis made a business trip to Whitwell Saturday. W. C. went to deliver some

INTERESTING WEDDING AT TRACY CITY

TRACY CITY, Tenn., Dec. 5.—An interesting wedding solemnized last week at Tracy City was that of Miss Carrie Marler and Mr. Harvey Brazelton. The ceremony was performed at the home of Mr. and Mrs. G. B. Marler, and the words uniting the couple in marriage were said by Elder J. D. Northcut. The Marler home was beautifully decorated with white and yellow chrysanthemums. The ceremony was performed in the bay window of the parlor which was banked with ferns and chrysanthemums. Miss Naomi Marler, niece of the bride, presided at the piano, the bride and groom entering to the strains of "Love's Theme." "Hearts and Flowers" was softly played during the service, and Mendelssohn's Wedding March used as a recessional. The bride was attired in a blue tailored suit with hat to match, and carried roses and carnations, and looked very beautiful. Mr. Brazelton holds a position in Nashville with the N. C. & St. L. R'y, and the couple will make their home in that city. The couple left immediately after the ceremony on a wedding trip to southern cities. A large number of beautiful and costly gifts were received. Guests aside from those from Tracy, were Mrs. H. W. Brazelton and Miss Nannie Brazelton, of Sevanee, mother and sister of the groom, Miss Robbie Bell, of Pelham and Mr. Pearson Brazelton, of Sevanee. Mesdames Oscar Kettner and Sam Werner assisted in receiving the guests.

Special to The News.

Ye writer was in Jasper last week and the only candidate we met who has never changed or faded out in the least was Charley Quarles, the only reliable, tested and tried in every particular who at no time ever loses sight of his friends, whether in office or out of office. Just such a man as Charley Quarles is sure to be the next register of old Marion unless the votes of this county decide there is a second Charley Quarles every whit his equal.

We regret with profound sorrow to pen the sad and horrible death of H. B. Norwood, who shot himself in Chattanooga last week. Ye writer served on the United States force with Mr. Norwood when he was a deputy Marshall, and that we doctored 104 cases in the federal court from Sequachee Valley was some little record as officials. Mr. Norwood was a pleasant man and well versed on almost any subject you approached him on, and was well liked and highly respected by all who knew him throughout the valley. If he ever had an enemy here we never knew of it. I consider and feel that I have lost a true friend and an old official mate with whom I once associated in that branch of business, and who has gone forever, and his friendship with me and his place and equal will be hard to be supplied. Mr. Norwood was laid to rest here in the Walker cemetery within a few hundred yards of the home of his brother, J. W. Norwood in Whitwell, in the presence of a large number of friends and relatives from several different counties who witnessed the last rites of their friend, H. B. Norwood, which, indeed, was a sad farewell.

Esq. N. B. Moore's court was full to the brim Friday and was boiling over. Fourteen civil cases were registered on file. W. B. Stewart of Dunlap, and W. H. White were attorneys for the plaintiffs, W. E. McCurry and G. Q. Milwee, attorneys for part of defendants. Every legal phase of law touching on the issue enjoined was argued without a legal hitch on the part of the attorneys, and every party to suits went away perfectly satisfied as far as I know.

Judge Bachman opened circuit court at Jasper Monday and there were filed for hearing a number of damage suits ranging from \$5,000 to \$10,000 and some 60 or 75 witnesses are summoned in the cases. Both sides, of course, are expecting to win their suits. All will be fought hard from start to finish.

Ye writer and J. W. Morrison went out on the mountain last week and called in to see the boys who happened to an awful bad accident by getting burned in the mines. It was the most horrible sight I had seen for many a day. The three young men were in one room with faces burned so badly I couldn't identify them, and to hear the pitiful groans was awful. It was enough to touch the heart of any one to see these young men who will be disgraced for life.

Ye writer has been to Fairmount and was retained in a heated law suit, which is coming up about Dec. 19. Both parties to the litigation, by their prominence, will make the suit very interesting. To those desiring to be present it is all free. There is no expense attached excepting attorney's fees.

Politics up here remind me very much of the fire of the forest. It rises up and dies out and so it is with politics. It rises to a high pitch and in a few days dies away, and the mountain candidate for sheriff, it seems, has gradually cooled down, and if not revived pretty soon, I fear he will begin to grow weaker and weaker and finally die out. This is not any fault of ours and yet we are not responsible for the back step.

Keep a sharp lookout on the front end of the political car for Charlie Quarles and Byron Graham when you hear the whistle of bell.

Group and Cough Remedy.

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50c and \$1.00. A bottle should be in every home. At all Druggists. H. E. Bucklen & Co., Philadelphia and St. Louis.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
